

MISD Music Enrichment Program

2012-2013

For a number of years, MISD has sponsored a music enrichment program similar to programs offered by school districts throughout the state. In this strictly voluntary program students may elect to study vocal or instrumental music individually, under the supervision of a private teacher. The opportunity for private study will continue to be available to all students this school year.

To be a part of the enrichment program, students must practice and be prepared for each private study session and commit to regular study.

The cost of the program is **\$17 per lesson** per student. This amount is primarily supported with pledged funds. If you would like to help support this program, please fill in the following form and return it to your child's music director. Your financial support of the program is necessary to ensure its continuance.
